

WELCOME TO THE NORTH EAST POSTGRADUATE CONFERENCE 2019

This year's NEPG conference is themed **IMPACT**, because we believe that everyone can have an impact with their research, no matter how early you are in your career. We are delighted to welcome **Dr Zoe Williams** and **Professor Sir Doug Turnbull**, who will share more about their experience on how you can achieve an impact. Furthermore, there are workshops on how you can have an impact on **climate change**, your **career**, and your **personal wellbeing**. We are excited to facilitate 16 **oral presentation sessions** and 40 **poster** presentations. We hope you will learn more about how your work can have an impact and that you will have an impact on fellow researchers by presenting and discussing your research.

There will be a **quiet room** available during the whole day (Stephenson room). You are welcome to come to this room if you need a moment for yourself or if you like to do the final preparations for your presentation.

A **crèche service** will be available during the whole day in the Collingworth room, advance booking required.

The organising committee and the wider group of PGR volunteers will be happy to answer any questions you may have.

Our **social media** hashtag is **#NEPG19** and you can tweet us at **@NEPGConference**

We would like to say a big thank you to our **sponsors**, who make it possible to offer this conference for free.
